Landon State Office Building, 900 S.W. Jackson #1051
Topeka, Kansas 66612-1230

IN THE MATTER OF
AMY MARIE WORLEY
f/k/a Amy Marie Sanderson

License No. 23-35217-121

Case No. 2022-152-9 & 19-1594-9

SUMMARY ORDER

The above matter comes before the Kansas State Board of Nursing (Board) pursuant to authority granted to the Board by K.S.A. 65-1120. The Board hereby proposes to find facts and take disciplinary action against the nurse license of Amy Marie Worley, (Licensee) by way of Summary Order as provided by K.S.A. 77-537.

1. Licensee is licensed to practice nursing in the state of Kansas. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board and the courts and the laws of the party state in which the client is located at the time the service is provided. The Board has jurisdiction over the Licensee and the subject matter of this action.
2. Licensee's address of record is 1301 S 4th St., Atchison, KS 66002.
3. The role of the Board is to protect citizens of Kansas.
4. Pursuant to K.S.A. 65-1120(a), the Board may deny, revoke, limit or suspend any license, certificate of qualification or authorization to practice nursing as a registered professional nurse, as a licensed practical nurse, as an advanced registered nurse practitioner or as a registered nurse anesthetist that is issued by the board or applied for under this act or may publicly or privately censure such person if certain enumerated grounds for disciplinary action are found. These grounds include various specific charges enumerated in K.S.A. 65-1120(a)(1) to (9), to include unprofessional conduct as defined by the ruled and regulations of the Board.
5. Pursuant to Article V of K.S.A. 65-1166, the Board may take adverse action against a nurse's privilege to practice within the state of Kansas.
6. Pursuant to Article V of K.S.A. 65-1166, the privilege to practice in other jurisdictions, granted by a Kansas multistate license, is deactivated during the pendency of a disciplinary order.

7. Pursuant to K.S.A. 65-1166, the privilege to practice in other jurisdictions, granted by a Kansas multistate license, is deactivated if the Licensee is enrolled in an alternative program, including KNAP.
8. Pursuant to K.S.A. 74-1110 the Board may also assess a civil fine not to exceed \$1,000.00 for the first violation of a law or rule and regulation applicable to the practice for which such person has been granted a license.
9. After an investigation, the Board's investigative committee found reasonable grounds to believe that the licensee violated the Kansas Nurse Practice Act, K.S.A. 65-1120, and referred this matter for further proceedings.
10. K.S.A. 77-511(a)(2)(A) of the Kansas Administrative Procedure Act authorizes the use of summary proceedings by a state agency if the use of summary proceedings does not violate any provision of law, the protection of the public interest does not require the state agency to give notice and an opportunity to participate to persons other than the parties, and the state agency believes in good faith, after investigation of the facts, that the allegations will be supported to the applicable standard of proof.

FINDINGS OF FACT

11. On or about July 24, 2019, an Order was entered granting the Board's to indefinitely suspend Respondent's license to practice nursing and assigning costs of \$100.00.
12. On or about December 31, 2019, Respondent allowed her license to lapse.
13. Despite her license being suspended, Respondent continued to practice until December 5, 2019, when her employer learned of her suspension.
14. On or about September 14, 2021, Respondent filed an application with the Board to reinstate her license

VIOLATIONS

15. The above fact findings establish evidence that the Licensee violated the following provisions of the Kansas Nurse Practice Act:

Count 1: K.S.A. 65-1120(a)(7) and K.A.R. 60-3-110, to be guilty of unprofessional conduct as defined by rules and regulations of the board; to wit: failing to comply with any disciplinary order of the Board.

**IT IS THEREFORE ORDERED BY THE KANSAS STATE BOARD OF NURSING
THAT:**

1. Licensee's application for reinstatement is **APPROVED**. If Licensee has met all other licensing requirements, the Board will issue a license. The reinstatement will take effect after the deadline to request a hearing has expired.
2. Licensee's license is immediately suspended. Licensee's suspension may be lifted after Licensee participates in a KNAP evaluation and complies with all KNAP recommendations. The suspension will take effect after the deadline to request a hearing has expired.
3. Licensee shall pay a civil fine in the amount of \$150.00 pursuant to K.S.A. 74-1110. The fine shall be paid to the Board within 90-days of this Order becoming effective. The 90-day time will begin after the deadline to request a hearing has expired.
4. Respondent shall pay the costs of \$100.00 incurred from the 2019 default order. The costs shall be paid to the Board within 90-days of this Order becoming effective. The 90-day time will begin after the deadline to request a hearing has expired.
5. Within 90-days of this order taking effect, Licensee shall provide the Board with certificates of completion for the following CNEs:
 - a. Professional Accountability (3-6 hours); and
 - b. The Kansas Nurse Practice Act (2 hours).

The 90-day time will begin after the deadline to request a hearing has expired.
